***Reasons for Allowance***

The following is an examiner's statement of reasons for allowance: Applicants, have demonstrated unexpected results, by way of a properly executed 37 CFR 1.132 Declaration filed 12/3/07, in their process for the alcoholysis of a non-deacidified vegetable or animal oil. Applicants have shown, by way of comparative data, that even when a relatively low amount of zinc aluminate mixed oxide catalyst is used in their process it still allows for high conversion of the triglycerides and higher yields of the Fatty acids methyl esters (FAME) products. All claims (2, 4, 5-12, 14 and 15) are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Elvis O. Price whose telephone number is 571 272-0644. The examiner can normally be reached on 9:30am to 6:00pm.
